

2021 LABOR TURNOVER SURVEY

Third Quarter

In correspondence, please quote this reference number.

Sir/Madam:

The Philippine Statistics Authority (PSA) regularly conducts the Labor Turnover Survey (LTS) which aims to generate quarterly trend statistics on labor turnover as indicator of labor market activity and general business situation in the country. The information gathered will provide policy makers and other data users a complete picture of labor demand and job turnover and will serve as inputs to decision making and policy formulation.

The PSA is authorized to collect information from businesses and industries under Republic Act No. 10625 (RA 10625), otherwise known as the *Philippine Statistical Act of 2013*. Section 25 of the same law obliges all respondents whether natural or legal person to reply to the statistical inquiry or survey. Furthermore, Section 26 of RA 10625 mandates the PSA to collect information from businesses and industries. Section 27 of the same law obliges establishments to provide the required data. In adherence to the stipulations of *Data Privacy Act of 2012* (RA 10173) and Article 55 of the Implementing Rules and Regulations of RA 10625, "the information collected from this survey shall be kept strictly confidential and shall not be used for purposes of taxation, investigation or regulation".

Your establishment has been selected to participate in this survey. The information you shall provide should pertain only to the establishment in the address box to avoid multiple reporting as your other branches may have also been selected to participate in our survey.

We appreciate your utmost cooperation in accomplishing this questionnaire.

Thank you very much.

DENNIS S. MAPA, Ph.D.

Undersecretary
National Statistician and Civil Registrar General
