Version 2.0 Final dataset for official estimates

## Overview

---

#### ABSTRACT

The 2019 APIS is the 13th in a series of poverty indicators surveys conducted nationwide since 1998. The survey gathers data that can be used to generate non-income poverty indicators to assess and monitor poverty situations in the country. It also includes questions about access to drinking water, sanitation, and hygiene as a commitment to the Sustainable Development Goal (SDG) 6 to monitor people's access to drinking water, sanitation, and hygiene. Moreover, data from this survey will serve as input in the development of the Multi-dimensional Poverty Index (MPI).

The survey gathers data on the socio-economic profile of families and other information that is related to their living conditions. Specifically, it generates indicators that are correlated with poverty to determine the percent distribution of families in relation to the following indicators:

- a. children 6-11 years old enrolled in primary education programs or elementary;
- b. children 12-17 years old enrolled in junior high school;
- c. with members 18 years old and over who are gainfully employed and with working children 5-17 years old;
- d. who received and availed selected social protection programs;
- e. access to government services;
- f. owner-like possession of house and lot and the types of the materials of the roofs, walls of their housing units and floor materials;
- g. access to improved drinking water source, sanitation or type of toilet facility and handwashing facility they use in their homes; and
- h. who avail of loan/s and its sources.

#### KIND OF DATA

Sample survey data [ssd]

#### UNITS OF ANALYSIS

Household, Families

## Scope

---

#### NOTES

The scope of the 2019 APIS includes:

- GEOGRAPHIC IDENTIFICATION AND OTHER INFORMATION - region, province, city/municipality, barangay, address, result of visit and code, names of household head and respondent, and the certification portion.
- DEMOGRAPHIC CHARACTERISTICS OF ALL FAMILY MEMBERS - obtain information of all family members such as name of family head, relationship to the head, sex, age, and marital status.
- SCHOOL ATTENDANCE AND HIGHEST GRADE COMPLETED - determines whether a family member aged 3 to 24 years is currently attending formal school and, if so, the grade or year the member is currently attending. If not attending, then the reason for not attending school is asked. It also determines if the family members aged 3 to 5 years old are attending/have attended early education or learning system in order to assess their 'school readiness'. It further determines the educational attainment of the family members 5 years old and over.
- ECONOMIC CHARACTERISTICS - obtains information on the job or business of each family member 5 years old and over had during the past six months. It also includes questions on occupation and business the family member engaged in.
- HEALTH STATUS - determines the extent or prevalence of illnesses or injuries of family members.
- FINANCIAL ACCOUNT - collects information which will help to measure financial inclusion of the family members, and to measure accessibility of financial services.
- EDUCATIONAL ASSISTANCE - determines the availment of educational assistance by the family member 15 to 24 years old, particularly on the voucher program for Senior High School and free tuition fee, tertiary education subsidy, and student loan programs under the Universal Access to Quality Tertiary Education (UAQTE).
- SOCIAL PROTECTION - obtains information about selected social protection programs that the families availed during the past 6 months prior to this survey. Social protection is defined as consisting of policies and programs that seek to reduce poverty and vulnerability to risks, and enhance the social status and rights of the marginalized by promoting and protecting their livelihood and employment, protecting them against hazards and sudden interruptions, loss of income, and improving people's capacity to manage risks. There are four main components of social protection – social insurance, social assistance, labor market interventions, and social safety nets.
- ACCESS TO GOVERNMENT SERVICES - aimed to further enhance the established empirical baseline on the extent or pervasiveness of corruption in the country.
- HOUSING, WATER, SANITATION, AND HYGIENE - obtains information about the family's housing characteristics and conveniences/amenities owned by the family including the main source of water supply and kind of toilet and handwashing facility they used.
- OTHER RELEVANT INFORMATION - to determine whether or not the family makes use of any form of credit in financing the family's needs, and determines the source of the loan. It also determines if a family member experienced hunger because he or she did not have food to eat.
- DRUG AWARENESS AND PREVENTION - aims to evaluate the extent to which households are reached by information on drug prevention and/or control programs and activities implemented in their community.
- PHILIPPINE NATIONAL IDENTIFICATION AWARENESS - determines the Filipinos' level of awareness of and willingness to participate to the PhilSys and its registration activities that is set to start by the fourth quarter of 2020. Insights from the responses are expected to provide a basis for the direction of the overall PhilSys communication strategy.

## Sampling

### Sampling Procedure

---

Of the 40,307 eligible sample households for the 2019 APIS, about 39,315 were successfully interviewed. This translates to a response rate of 97.5 percent at the national level. The response rate is the ratio of the total households who were completely interviewed to the total eligible households. Eligible households consisted of households who were completely interviewed, refused to be interviewed, temporarily away, not at home or on vacation, and those located in critical or flooded areas during the survey period.

### Response Rate

---

Of the 40,307 eligible sample households for the 2019 APIS, about 39,315 were successfully interviewed. This translates to a response rate of 97.5 percent at the national level.

# Questionnaires

## Overview

---

All questionnaires and modules are provided as external resources.

## Data Collection

### Data Collection Dates

Start	End	Cycle
2019-07-08	2019-07-31	N/A

### Data Collection Mode

Face-to-face [f2f]

### Data Collection Notes

Three levels of trainings were conducted for the 2019 APIS. The Task Force Training (First Level) was conducted for five days from 17 to 21 June 2019. The Second Level Training was conducted for 5 days from 24 to 28 June 2019. And, the Third Level Training was conducted for five days from 1 to 5 July 2019.

The topics included in the trainings are the concepts and definitions used in the survey. The importance of probing and checking the consistency of answers given by the respondents was emphasized. The procedures on how to use the tablet, its interface, how to key in entries and how to upload and download the data to and from the server was also discussed.

### Questionnaires

All questionnaires and modules are provided as external resources.

### Data Collectors

Name	Abbreviation	Affiliation
Demographic and Health Statistics Division, Social Statistics Service, Sectoral Statistics Office, Philippine Statistics Authority		National Economic and Development Authority

### Supervision

The Regional Directors (RDs) and Provincial Statistics Officers (PSOs) were responsible for the overall supervision and efficient implementation of survey field operations in their respective region and province. The RDs, PSOs and SOCD Chiefs were provided with seven mandays each for supervision inclusive of travel time. The Regional Focal Persons (RFPs) and Provincial Focal Persons (PFPs) for the 2019 APIS were provided with ten mandays each of supervision inclusive of travel time. He/she supervised the first two weeks of data collection in order that he/she is able to immediately correct any error, and provide solutions to problems encountered by interviewers. The RDs, PSOs, SOCD Chiefs, RFPs and the PFPs coordinated with each other in planning their field supervisions so that they will not supervise the same sample EAs. While in the sample areas, the RDs, PSOs, SOCD Chiefs, RFPs and the PFPs carry out the following:

1. make observation of interviews and perform re-interview (using the appropriate re-interview form) when necessary to ensure that data collection is properly carried out; and
2. discuss with the interviewer the errors committed during the interview and of corrections to be made.

The PFP kept the PSO informed of the progress of the fieldwork. He/she observed the conduct of interview of all interviewers during his/her scheduled supervision. This will ensure that errors committed by interviewers are immediately corrected, hence errors will not be repeated in succeeding interviews.

## Data Processing

### Data Editing

---

The Machine Processing of 2019 APIS was conducted as a guide for processors in checking for the completeness, consistency of entries, and reasonableness of data entered by Statistical Researchers (SRs) using the Computer Assisted Personal Interview (CAPI) system. The processor was given the full task of examining carefully and meticulously all the entries in the CAPI.

## Access to Government Services Part 1

Content	This section gathers information on the extent or pervasiveness of corruption and to look at the public services that are prone to corruption. It will attempt to provide a description of the source/s of corruption, i.e. whether it is supply-driven (from the "bribe giver") or demand-driven (from the "bribe taker"). It is a long-term perspective to assist government agencies and institutions in preventing and reducing, if not eliminating corruption.

## Housing Characteristics

Content	The distribution of households by type of building supplies information about the available housing accommodation, patterns of living, and building trends in a particular area at the time of the census. Such details are essential for planning future housing needs. Specifically, for housing programs, such information is required to determine the number of households that need to be provided with housing. Moreover, the number of households living in marginal housing units (commercial, industrial or agricultural buildings, including barns, warehouses, mills, offices, and other structures such as boats and carts that are used as living quarters) provides an approximation of the housing needs in an area.

V242	KQ1	Family's main source of water supply	discrete	numeric	What is the family's main source of water supply?
V285	KQ1A	Distance from the water source	contin	numeric	If the answer in K1 is any of the codes 02 to 08, Ask how far is this water source from your house?
V141	WSQ1	Family's main source of drinking water	discrete	numeric	What is the main source of drinking water used by members of your family?
V142	WSQ2	Family's main source of water used for other purposes	discrete	numeric	What is the main source of water used by members of your family for other purposes such as cooking and handwashing?
V143	WSQ3	Location of water source	discrete	numeric	Where is that water source located?
V244	WSQ4	Length (in minutes) of getting water	contin	numeric	How long does it take for members of your family to go there, get water, and come back?
V260	WSQ5	Household members who collects water	discrete	numeric	Who usually goes to this source to collect the water for your family?
V245	WSQ6	Times household member collects water	discrete	numeric	Since last ____ (Day of the Week), how many times has this person collected water?
V147	WSQ7	Was there a time that drinking water was not sufficient	discrete	numeric	In the last month, has there been any time when your family did not have sufficient quantities of drinking water?
V148	WSQ8	Main reason that made it unable to access sufficient drinking water	discrete	numeric	What was the main reason that you were unable to access drinking water in sufficient quantities when needed?
V149	WSQ9	Treatment to make water safer to drink	discrete	numeric	Do you do anything to the water to make it safer to drink?
V150	WSQ10A_A	Type of Treatment (Boiled it)	discrete	numeric	What do you usually do to make the water safer to drink?
V151	WSQ10A_B	Type of Treatment (Add bleach/chlorine)	discrete	numeric	What do you usually do to make the water safer to drink?

V152	WSQ10A_C	Type of Treatment (Strain it through a cloth)	discrete	numeric	What do you usually do to make the water safer to drink?
V153	WSQ10A_D	Type of Treatment (Use water filter (ceramic, sand, composite, etc.))	discrete	numeric	What do you usually do to make the water safer to drink?
V154	WSQ10A_E	Type of Treatment (Solar disinfection)	discrete	numeric	What do you usually do to make the water safer to drink?
V155	WSQ10A_F	Type of Treatment (Let it stand and settle)	discrete	numeric	What do you usually do to make the water safer to drink?
V259	WSQ10A_X	Type of Treatment (Others)	discrete	character	What do you usually do to make the water safer to drink?
V157	WSQ10A_Z	Type of Treatment (Don't know)	discrete	numeric	What do you usually do to make the water safer to drink?
V158	WSQ11A	Kind of toilet facility	discrete	numeric	What kind of toilet facility do members of your household usually use?
V159	WSQ11B	Outlet of septic tank	discrete	numeric	Where does the outlet of the septic tank go?
V160	WSQ12	Emptied outlet of septic tank	discrete	numeric	Has your (Answer from WS11a) ever been emptied?
V161	WSQ13	Where were the contents emptied	discrete	numeric	The last time it was emptied, who emptied (answer from WS11a)?
V162	WSQ14	Location of toilet facility	discrete	numeric	Where is this toilet facility located?
V163	WSQ15	Is it shared with non household members	discrete	numeric	Do you share this facility with others who are not members of your household?
V282	WSQ17	Total number of household which uses the toilet facility	contin	numeric	How many households in total use this toilet facility, including your own household?
V165	WSQ18	Share toilet facility with members of other households	discrete	numeric	Do you share this facility only with members of other households that you know or is the facility open to the use of the general public?
V166	HWQ1	Handwashing Facility	discrete	numeric	We would like to learn about where members of this household wash their hands.
V167	HWQ2	Presence of water	discrete	numeric	Observe Presence of Water at the Place for Handwashing. Verify by checking the tap/pump, or basin, bucket, water container or similar objects for presence of water.
V168	HWQ3	Availability of soap or detergent	discrete	numeric	Is soap or detergent present at the place for handwashing?
V169	HWQ4	Handwashing Facility after using toilet	discrete	numeric	Where do you or other members of your family most often wash your hands?
V170	HWQ81	Availability of water in the house for washing hands	discrete	numeric	Do you have available water in your house for washing hands?
V171	HWQ5	Availability of soap or detergent in the house for washing hands	discrete	numeric	Do you have any soap or detergent in your house for washing hands?
V172	HWQ6	Can it be shown	discrete	numeric	Can you please show it to me?
V250	HWQ7A_A	Obervation: Bar or liquid soap	discrete	character	Record Observation.
V251	HWQ7A_B	Obervation: Detergent (Powder/Liquid/Paste)	discrete	character	Record Observation.
V252	HWQ7A_C	Obervation: Ash/Soil/Sand	discrete	character	Record Observation.
V253	HWQ7A_D	Obervation: Others	discrete	character	Record Observation.

## Other Relevant Information and Drug Awareness and Prevention

Content	The purpose of this question is to determine whether or not the family avails of any loan to any lending institution or private individual whose business is lending money with interests. And, to gather information on the family's average weekly food consumption and family's average monthly income, use of internet and online transactions.

#### Description

Social Insurance Programs are those that aim to mitigate risks by providing income support in the event of illness, disability, work injury, maternity, unemployment, old age, and death. Key sectors that may serve as entry points for strengthening sustainable social insurance schemes include financial sector development, health, and public sector management. Social insurance programs may include: pensions, social security systems, health insurance, and others.

Social Assistance Programs are those programs that help ensure income security and access to basic services for poor and vulnerable populations. Key sectors that may serve as entry points for social assistance programs include education, finance, health and public sector management. Social assistance interventions may include: cash transfers (conditional and unconditional), social pensions, in-kind transfers, such as food-for-work, school feeding programs, scholarship, etc.

Labor Market Intervention are programs that support the development of job-relevant skills and workers' retraining, particularly the low-skilled and marginalized. They also facilitate employment. Key sectors that may serve as entry points for promoting and expanding labor market programs include education and infrastructure (energy, information and communication technology, water, and transport). (Asian Development Bank)

 Range: 1-17

Valid cases: 471780  
 Invalid: 0

## Household ID (HHID)

## File: Access to Government Services Part 1

**Overview**

Type: Discrete  
 Format: character  
 Width: 21

Valid cases: 471780  
 Invalid: 0

## Government Services (I1CODE)

## File: Access to Government Services Part 1

**Overview**

Type: Discrete  
 Format: character  
 Width: 2

Valid cases: 471780  
 Invalid: 0

**Description**

Government - pertains to offices, bureaus, and agencies of government including divisions, sections, and units. It may be national or local.

Example: Government Service Insurance System (GSIS), Bureau of Internal Revenue (BIR), Social Security System (SSS), Land Registration Authority (LRA), Register of Deeds, Assessor's Office, National Bureau of Investigation (NBI).

a. Government-run Agency/Facility - a place operated by a government agency for delivery of public services. Example: Public School; DSWD operated welfare centers, e.g., Boy's Town (Public) Home for the Unwed Mothers (Public); Public Hospitals, Health Centers.

b. Government Institution - pertains to offices, bureaus, agencies of government including divisions, sections, and units. It may be national or local. Example: Bureau of Customs; Land Registration Authority (LRA); National Bureau of Investigation (NBI); Government Service Insurance System (GSIS); Fiscal's Office; Bureau of Internal Revenue (BIR); Register of Deeds; Philippine National Police; Social Security System (SSS); Local Government Unit

**Pre question**

Now, I would like to talk about all the transactions you or any member of your family made from July 2018 up to present with any government-run agency, institution, or facility whether from the national government, government owned and controlled corporations, public schools, hospitals, or any transactions/services availed from the local government unit.

## Went to a government agency (I1)

## File: Access to Government Services Part 1

**Overview**

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-2

Valid cases: 471780  
 Invalid: 0  
 Minimum: 1  
 Maximum: 2

**Literal question**

From July 2018 up to present, did you or any member of your family see or visit any person working in the government-run agency, institution, or facility for any of the following reasons or purposes? Such as:

- a. Filing a complaint or seeking assistance from law enforcers like from the police, barangay, NBI, PDEA etc.
- b. Going to the fiscal's office or public attorney's office in connection with cases
- c. Going to court in connection with cases
- d. Enrolling in public school/college/university availing of government scholarships and other educational services
- e. Medical check-up hospitalization vaccination getting free medicines or other health services from public hospitals/urban/rural health units.
- f. Applying or getting loans or benefits from SSS, Pag-ibig, GSIS, PhilHealth & other government institutions
- g. Seeking assistance for employment or livelihood or getting subsidy/benefits for the poor from government institutions
- h. Getting civil registry documents like birth, death, marriage certificate and CENOMAR
- i. Getting passport, authenticating documents at the DFA & securing gov't issued IDs (e.g. Postal ID, COMELEC Voter's ID, PRC ID)
- j. Getting land title & registration of documents relating to property
- k. Getting permits (e.g. mayor's permit, building permit, sanitary permit, fire permit, occupancy permit) licenses (driver's firearms) & clearances (e.g. NBI, police, barangay).
- l. Paying cedula, income tax, real estate tax, capital gains tax, documentary stamp tax, customs duties & other similar taxes & duties

## Government employee asked for money or gift (I2)

**Literal question**

If the answer in K1 is any of the codes 02 to 08, Ask how far is this water source from your house?

## Family's main source of drinking water (WSQ1)

## File: Water and Sanitation and Hygiene

**Overview**

Type: Discrete  
 Format: numeric  
 Width: 2  
 Decimals: 0  
 Range: 11-96

Valid cases: 39315  
 Invalid: 0  
 Minimum: 11  
 Maximum: 96  
 Mean: 43.4  
 Standard deviation: 28.3

**Literal question**

What is the main source of drinking water used by members of your family?

## Family's main source of water used for other purposes (WSQ2)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 17376
Format: numeric	Invalid: 21939
Width: 2	Minimum: 11
Decimals: 0	Maximum: 96
Range: 11-96	Mean: 17
	Standard deviation: 13.9

#### Literal question

What is the main source of water used by members of your family for other purposes such as cooking and handwashing?

## Location of water source (WSQ3)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 16265
Format: numeric	Invalid: 23050
Width: 1	Minimum: 1
Decimals: 0	Maximum: 3
Range: 1-3	

#### Literal question

Where is that water source located?

## Length (in minutes) of getting water (WSQ4)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Continuous	Valid cases: 7961
Format: numeric	Invalid: 31354
Width: 3	Minimum: 1
Decimals: 0	Maximum: 70

#### Literal question

How long does it take for members of your family to go there, get water, and come back?

## Household members who collects water (WSQ5)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 7238
Format: numeric	Invalid: 32077
Width: 2	
Decimals: 0	

#### Literal question

Who usually goes to this source to collect the water for your family?

## Times household member collects water (WSQ6)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric  
 Width: 2  
 Decimals: 0

Valid cases: 7238  
 Invalid: 32077  
 Minimum: 1  
 Maximum: 30

#### Literal question

Since last \_\_\_\_ (Day of the Week), how many times has this person collected water?

## Was there a time that drinking water was not sufficient (WSQ7)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-8

Valid cases: 39315  
 Invalid: 0  
 Minimum: 1  
 Maximum: 8

#### Literal question

In the last month, has there been any time when your family did not have sufficient quantities of drinking water?

## Main reason that made it unable to access sufficient drinking water (WSQ8)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-8

Valid cases: 5959  
 Invalid: 33356  
 Minimum: 1  
 Maximum: 8

#### Literal question

What was the main reason that you were unable to access drinking water in sufficient quantities when needed?

## Treatment to make water safer to drink (WSQ9)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-8

Valid cases: 39315  
 Invalid: 0  
 Minimum: 1  
 Maximum: 8

#### Literal question

Do you do anything to the water to make it safer to drink?

## Type of Treatment (Boiled it) (WSQ10A\_A)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric

Type: Discrete  
 Format: character  
 Width: 1

Valid cases: 167  
 Invalid: 0

#### Literal question

What do you usually do to make the water safer to drink?

## Type of Treatment (Don't know) (WSQ10A\_Z) File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 8-8

Valid cases: 69  
 Invalid: 39246  
 Minimum: 8  
 Maximum: 8

#### Literal question

What do you usually do to make the water safer to drink?

## Kind of toilet facility (WSQ11A) File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric  
 Width: 2  
 Decimals: 0  
 Range: 11-96

Valid cases: 39315  
 Invalid: 0  
 Minimum: 11  
 Maximum: 96  
 Mean: 17.1  
 Standard deviation: 18

#### Literal question

What kind of toilet facility do members of your household usually use?

## Outlet of septic tank (WSQ11B)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 22383
Format: numeric	Invalid: 16932
Width: 1	Minimum: 1
Decimals: 0	Maximum: 8
Range: 1-8	

#### Literal question

Where does the outlet of the septic tank go?

## Emptied outlet of septic tank (WSQ12)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 31606
Format: numeric	Invalid: 7709
Width: 1	Minimum: 1
Decimals: 0	Maximum: 8
Range: 1-8	

#### Literal question

Has your (Answer from WS11a) ever been emptied?

## Where were the contents emptied (WSQ13)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 3124
Format: numeric	Invalid: 36191
Width: 1	Minimum: 1
Decimals: 0	Maximum: 8
Range: 1-8	

#### Literal question

The last time it was emptied, who emptied (answer from WS11a)?

## Location of toilet facility (WSQ14)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete	Valid cases: 37439
Format: numeric	Invalid: 1876
Width: 1	Minimum: 1
Decimals: 0	Maximum: 3
Range: 1-3	

#### Literal question

Where is this toilet facility located?

## Is it shared with non household members (WSQ15)

## File: Water and Sanitation and Hygiene

**Overview**

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-2

Valid cases: 36580  
 Invalid: 2735  
 Minimum: 1  
 Maximum: 2

**Literal question**

Do you share this facility with others who are not members of your household?

## Total number of household which uses the toilet facility (WSQ17)

## File: Water and Sanitation and Hygiene

**Overview**

Type: Continuous  
 Format: numeric  
 Width: 2  
 Decimals: 0

Valid cases: 3815  
 Invalid: 35500  
 Minimum: 1  
 Maximum: 10

**Literal question**

How many households in total use this toilet facility, including your own household?

## Share toilet facility with members of other households (WSQ18)

## File: Water and Sanitation and Hygiene

**Overview**

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-2

Valid cases: 3815  
 Invalid: 35500  
 Minimum: 1  
 Maximum: 2

**Literal question**

Do you share this facility only with members of other households that you know or is the facility open to the use of the general public?

## Handwashing Facility (HWQ1)

## File: Water and Sanitation and Hygiene

**Overview**

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-6

Valid cases: 39315  
 Invalid: 0  
 Minimum: 1  
 Maximum: 6

**Literal question**

We would like to learn about where members of this household wash their hands.

## Presence of water (HWQ2)

## File: Water and Sanitation and Hygiene

**Overview**

Type: Discrete  
 Format: numeric  
 Width: 1  
 Decimals: 0  
 Range: 1-2

Valid cases: 37065  
 Invalid: 2250  
 Minimum: 1  
 Maximum: 2

#### Literal question

Observe Presence of Water at the Place for Handwashing. Verify by checking the tap/pump, or basin, bucket, water container or similar objects for presence of water.

## Availability of soap or detergent (HWQ3)

### File: Water and Sanitation and Hygiene

#### Overview

Type: Discrete  
 Format: numeric

**Description**

This section aims to evaluate the extent to which households are reached by information on drug prevention and/or control programs and activities implemented through the National Anti-Drug Plan of Action 2015-2020 and the Philippine Anti-Illegal Drugs Strategy, which was institutionalized through Executive Order No. 66, s. 2018, by measuring households' awareness on the following:

- a. drug abuse problems;
- b. community activities on drug prevention and/or control; and
- c. government services on drug abuse problems.

**Literal question**

In your community, do you think drug abuse is a problem?

## Rate of drug abuse problem in community (M2)

## File: Other Relevant Information and Drug Awareness and Prevention
